Additional Classes of Men Are Now Covered by Compulsory Employment Transfer Orders

An Announcement of Importance to Employers and Male Employees, in the Lines of Employment Listed Below

Five previous Compulsory Employment Transfer Orders have been issued under authority of National Selective Service Civilian Regulations. These Orders covered men in classes designated under National Selective Service Mobilization Regulations, as well as young men 16 to 18 years of age, who were employed in specified employments at the time of the issue of the Orders.

A recent Order, the 6th Compulsory Employment

Transfer Order, has been issued under National Selective Service Civilian Regulations (as amended). The effect of the 6th Order is to extend the coverage of the five earlier Transfer Orders to certain men not previously affected, if now employed in any of the employments specified. The men now added are those not already under the Orders, who have passed their sixteenth birthday but have not reached their forty-first birthday.

GENERAL INFORMATION

1. **OBJECTIVE:** The Compulsory Employment Transfer Orders authorize National Selective Service to investigate the present employment of the men covered, with a view to effecting transfers to employment vacancies at more essential work.

2. **EMPLOYEES' OBLIGATIONS:** A male employee covered by the 6th Order must report to the nearest Employment and Selective Service Office not later than September 8th, 1943. He must report personally if he is close enough to visit an Office, or by letter if too far removed from an Office to visit it personally.
